**ASE Intern Sponsorship = \$2,200**

**Recommended Optional Stipend\* = \$1,000**

**ASE delivers the following to your organization:**

- o ASE finds the most talented local students for your company or laboratory
- o ASE serves as a point of contact for students interested in your profession
- o ASE provides internships to students who may not otherwise be connected
- o ASE organizes two educationally enriching conferences for participating students
- o ASE provides liability insurance for each student
- o ASE certifies student participation to high schools, most students receive school credit
- o ASE supports mentors and students with “on call” staff
- o ASE administers the stipends to the interns, so they won’t be on your payroll
- o ASE ensures that mentor companies are acknowledged for their contributions
- o Students tell us ASE changes their lives!

**How is the funding applied?**
