

Apprenticeships in Science and Engineering (ASE)

Host a high school intern this summer

Help Build the Workforce of Tomorrow

What does ASE do?

Recruits talented applicants: you interview and select the intern • Respects your time: minimal paperwork required • Provides support: certified high school science and math teachers oversee student performance

“Our summer Intern is living up to the incredibly high standards we have come to expect from these students. It really speaks to the strength of your programs.”

ASE Mentor
Planar Systems, Inc.

.....

“It is rewarding to provide a young student with the opportunity to see how real-time engineering really occurs.”

ASE Mentor
Welch Allyn, Inc.

.....

“Our ASE Intern provided helpful and beneficial tests on product that will add value to the work of our group and our mission.”

ASE Mentor
Nike, Inc.

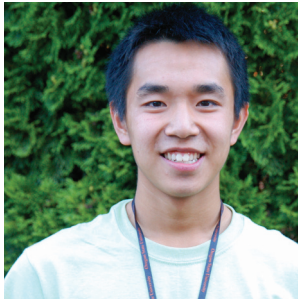

Invest in the Future

www.saturdayacademy.org/ase

What can ASE students do?

Simulations and Modeling • Autocad • Competitive Market Analysis • GPS/
GIS Mapping • Data Collection • Design and Conduct Experiments • Load-
Flow Studies • Cataloging • Check Specifications • And much more

Sample Engineering Positions

“Kenneth did a great job. He met the expectations and it was satisfying being able to teach such advanced topics to a young student.”

OHSU Department of Science and Engineering
The Applications of Statistical Clustering Algorithms for Image Segmentation

*Kenneth, 2008 ASE Intern
Glencoe High School*

“Katrina worked very hard over the summer and was instrumental in the completion of our group’s project.”

Nike, Inc.
Global Footwear Testing

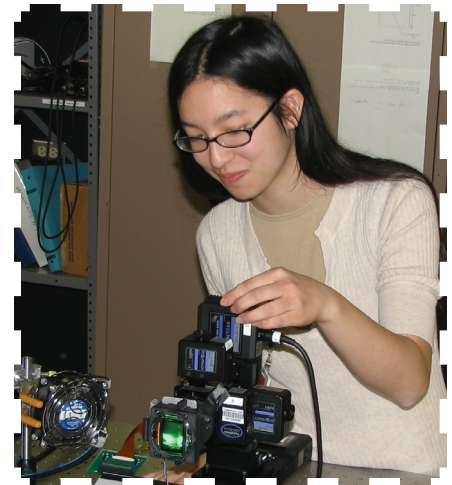

*Katrina, 2006 ASE Intern
Valley Catholic High School*

“Fred provided helpful and beneficial tests on products that will add value to the work of our group and our mission.”

Nike, Inc.
What You Would Never Do to Your Shoes

*Fred, 2008 ASE Intern
Century High School*

Why host a high school student?

Discover and recruit local talent
Get those extra projects done
Strengthen your field’s pipeline
Improve US competitiveness
